Stage Is Set For Opening Games In Valley Thursday

Program Announced For 11 Days Of Games In Valley

Five years of intensive planning and preparations will culminate next Thursday with the opening of the 1960 Olympic Winter Games at Squaw Valley.

Millions of dollars have been spent to transform the valley into an international city with its own bank, post office, fire department and telephone faciilties for a community of 40,000.

Although there has been considerable official as well as unofficial criticism of the expenditures required, even ardent foes of the games are forced to admit that through the installation of the faciilties, California has taken a lead as a winter sports mecca in the world.

Ticket sales and sale of television advertising has not come up to expectations, but an elaborate program for eleven full days has been arranged.

Valley tickets cost $7.50 or $60 for the full 11 days; arena daily tickets cost $15 and $25 and arena reserve seats $200 for the season.

American business contributions to the games are estimated at more than $2,000,000, while the federal government has added nearly $5,000,000 in cash and services through the armed forces, the forest service and other contributions.

It was a gigantic task to prepare the valley for the international event, but today it stands ready to present the best winter games ever staged anywhere.

Spectators and Olympic visitors will be permitted to ski all day and every day on most of the slopes during the period of the games, although non - Olympic skiers will not be allowed on the slopes during the official events.

The full program for the 11 days follows:

SCHEDULE OF EVENTS
THURSDAY, FEBRUARY 18

AFTERNOON — Opening Ceremony, Ice Arena and Speed Skating Oval; Ski Jumping, Papoose Peak (Exhibition); Ice Hockey Games, East Rink.

PRACTICE SESSIONS — Ladies' and Men's Figure Skating, West Rink and Ice Arena; Ladies' and Men's Speed Skating; Men's Downhill Skiing, Squaw Peak; Ladies; Downhill Skiing, KT22 Mountain; Ice Hockey, East Rink.

FRIDAY, FEBRUARY 19

MORNING—Men's 30-km Cross-

(Continued on Page 5)

Water Supply In District Is Pure

Area Sanitarian Richard Walker has just completed a survey of the water supply in the community and specimens taken from a score of places indicates all domestic water is pure and free from contamination.

The survey showed only one spot of contamination, that in the Truckee river just east of town where the count is 620. A count of 240 is considered safe for use, Walker explained.

This contamination clears up before it reaches the sewer disposal plant where the count is only 23.

Other spots in the district showed the following count: west end of Donner Lake, 12; east end of Donner Lake, 6; Truckee river above Donner creek, 230; Donner creek, 4.6; Truckee river below Donner creek and above town, 23; below Floriston, 23; Hirschdale, 230; Boca, 23.

Donner Ski Ranch, Donner Summit Public Utility District and Buek Ski Shop all showed less less than 2.

In the Truckee Public Utility District, the McGlashan spring was less than 2 as was the Donner creek well. The Schaffer spring and the Southside spring each showed a 5 count.

MIZNER WINS FIGHT FOR TAHOE BUILDING

W. O. Mizner, builder of the 16-lane Kings Beach bowl, has won his battle with Placer County North Shore building.

The county board of appeals last week recommended Mizner be allowed to continue construction of the bowling alley with a 60-pound per square foot roof loading. The county department of Public Works contended a 150-pound per square foot minimum was necessary.

At the same time the board of appeals recommended a 100 pound per square foot snow load be made mandatory for all commercial buildings to be constructed henceforth in Kings Beach.

EDITOR ELECTED

Kathryn Barrett, a former Truckee school student has been elected the editor for the annual publication of the Round Up, the 1960 year book for the Joaquin Miller Junior High School at Sacramento.

Observes Birthday—

James McIver observed his birth date, February 4.

Garage Men Want Control Placed On Tire Chain Service

AUBURN — The monumental task of installing snow chains on an expected 10,000 vehicles en route daily to the Eighth Olympic Winter Games over U. S.Highway 40 was explained to the board of supervisors here.

The problem was brought to light Tuesday when a group of businessmen from Baxter to Cisco Grove, Placer County, appealed to the supervisors to establish controls on itinerant workers, called chain monkeys, who have moved into the area.

Represented by Stewart Wells of the Nyack Garage at Emigrant Gap, the group protested the methods of the workers who he said pose they are providing the chain service without charge, but sometimes ask from $1 to $5 for putting on the equipment.

He said the workers set up business in front of service stations and garages and block entrances.

Even Geddes Is In Favor Of Games

One of the principal foes of the Olympic Winter Games, Assemblyman Samuel Geddes of Napa County, has reversed himself and after a three hour tour of Squaw Valley —despite the rain—is quoted as saying:

"I saw nothing but good here. I have never seen so many happy people, in spite of the rain. So many colored sweaters. Such substantial and beautiful buildings. I see a lot of good here."

Geddes added that he has "never really been against the Olympics." He said he went to the valley "to brainwash myself."

The assemblyman said his only fear for the success of the games is the weather. He once lived at Carnelian Bay and built houses there and has seen some bad storms in February.

Geddes said he would report his findings to his fellow legislators, who are apt to be surprised at his change of heart.

GERTRUDE NIELSEN FUNERAL IS HELD

Funeral services were held last week at Auburn for Mrs. Gertrude M. Neilsen, 85 years of age, followed by cremation at Sierra View at Marysville. The deceased was a native of Iowa. For many years, she with her surviving husband Christopher operated a boat agency at Tahoe City. Later they resided at Sparks, Nevada and for the past two years had lived in the Ophir district.

Besides her husband, Mrs. Nielsen is survived by daughters, Bessie Bonnefant and June Loveless of Auburn, a son, Donald Piggott of Sacramento, a brother Frank Poole of Arcadia, five grandchildren and twelve great-grandchildren.

FREE MILK PROVIDED TO OLYMPIC STARS

The American Dairy Association has taken its products to the Winter Olympic Games at Squaw Valley on a huge and profitless scale.

The ADA, comprised of the dairy farmers of America, decided to welcome the young Olympic athletes from 34 countries in a language understood by all—hospitality.

The organization has set up a giant Milk Bar in the center of the recreation hall in the Village, where milk, ice cream, sundaes and milkshakes will be dispensed free to bolster contestants' energy.

BASEBALL MEETING CALLED FOR MAR. 13

Lloyd Newton of Lovelock, Nevada, president of the Sierra-Nevada Baseball League, has sent notices to club managers and sponsoring organizations advising them of the annual spring organizational meeting of the league to be held Sunday, March 13.

The time and place for the meeting will be announced later.

Report and election of officers, revision of the by-laws and discussion of the schedule will be among the items on the agenda.

In Death Valley—

Mr. and Mrs. Lauren Russell enjoyed a recent trip to Death Valley.

Olympic Torch To Be In Truckee On Monday, Tuesday

Local Skiers Will Transport Flame To Valley On Tuesday

At a meeting of the Truckee Donner Chamber of Commerce yesterday, President N. F. Dolley appointed Zeph Rose, chairman, and Dr. R. W. Affeldt and Mrs. Anthony St. Claire as a committee to handle arrangements for a ceremony at the torch lighting on the Rocking Stone tower Monday when the flame arrives.

The committee was meeting today to work out final details for the observance. The Ransome Company and the Truckee Tahoe Fuel Company are preparing the torch and will supply the fuel.

The Olympic torch, symbol of the VIII Winter Games at Squaw Valley next week will arrive in Truckee Monday and remain here overnight before making its final move into the valley Tuesday.

Mrs. Frances Couillard of Soda Springs, whose committee has been working with the pageantry committee of the organizing committee, said she will have charge of the progress of the torch from Emigrant Gap to Squaw Valley.

The torch will be at Emigrant Gap on Friday night and at Soda Springs Hotel Saturday, leaving there for Donner Lake on Sunday.

N. F. Dolley, president of the Truckee Donner Chamber of Commerce, said arrangements have been made to light the local Olympic torch atop the rocking stone tower from the one being brought to the games from Norway by plane, ship and runners. The latter, made up of high school athletes in various towns, picked up the torch at Los Angeles and have been relaying it up the coast and across the Sierra.

NEED SKIERS

Approximately 20 local skiers are being asked to participate in the run between Donner Lake Lodge and Squaw Valley entrance, a distance of some 20 miles. All local skiers are asked to contact the chamber of commerce if they wish to participate.

From the entrance to Squaw Valley the torch will be carried by Miss Starr Walton, star performer and ski champion.

The torch will be carried the 23-mile stretch from Emigrant Gap to Donner by the skiers on Donner Summit.

AIR PATROL MEET IS DELAYED TO MAR. 7

The Civil Air Patrol meeting scheduled for last Tuesday night was cancelled due to the heavy storm. The next meeting is scheduled for March 7 in the basement of the Church of the Mountains. A definite outline for the Civil Air Patrol program will be presented at that time along with a film on the subject.

A meeting is also planned in March at the Tahoe Truckee High School for freshmen and sophomores who are interested in the Cadet Corps. Mr. C. Scuitto and Mr. James Brehler are much in favor of this program for the students. Capt. Gordon Melcher and Chaplain Hurst will be there to inform the students on the importance of Civil Air Patrol.

JET ENGINE TRIED FOR SNOW REMOVAL

The Southern Pacific is trying out an innovation in snow removal.

A jet engine, mounted on a truck is being tried out to melt and remove snow from between tracks and on the right of way.

A brief trial yesterday was carried on with only moderate success, but will be continued today to give the novel apparatus a complete test.

LAST RITES HELD FOR MRS. LAURA DONLEY

Funeral services were held Friday at San Fernando for Mrs. Laura Belle Donley, 40 years of age who died at Tahoe Vista February 1.

Mrs. Donley is survived by her husband James, four children and her parents who live at Burbank. The family has resided in this area less than a year.

Truckee Colonial Mortuary was in charge of local arrangements.

SUNBEAMS

By WALTER M. BARRETT

With the exception of probably ruining the parking lot at Squaw Valley, which never had more than an even chance of succeeding under favorable conditions, the recent storm did not damage prospects for a successful staging of the Olympic Winter Games. Those familiar with February weather in this region were not surprised by the storm but the metropolitan press, for the most part, and the radio and television played it up as a national tragedy. This publicity no doubt dampened spectator enthusiasm and may well have a tendency to cut down ticket sales. We are not attempting to discount the fury of the storm. It was one of the worst of the year and coming as it did, right ahead of the scheduled games, it offered a real scare, but it might easily have arrived a week later and then there would have been justification for the reams of unfavorable publicity. Holding the games in this area was a calculated risk, but one which sponsors believed, was well worth the chances. We are not weather forecasters but predict that by games time, we will have ideal weather and are willing to leave the parking problem up to those who are more familiar with that sort of thing than we ever hope to be.

Squaw Valley To Be New State Park

SQUAW VALLEY — The state park commission voted Friday to take the Squaw Valley area into the California Park System—and laid long-range plans to acquire ski lifts owned by Alex Cushing, the man who brought the Olympics to the area.

At an all-day session, members of the commission finally approved a resolution calling for taking in the area to the park system at an expected annual cost to the state of "about" $140,000 in operational expenses.

"We have found that the operation at Squaw Valley as a state park will be much less expensive than most of our other parks," said Alfred Stern, Atherton, a commission member. "Where we usually get back only about 28 per cent of the costs of operation, at Squaw Valley we will get a return of 50 to 60 per cent of the costs.

The commissioners, in the unanimous resolution, stated that they wanted to acquire additional land and properties in the area to make the place an over-all state-owned area.

WOMEN'S CLUBS TO GREET GAME GUESTS

The Tahoe Woman's Club and the Wyethia Club have volunteered to act as hospitality groups to visitors to the Olympic Games, opening their locations at the Tahoe City Wye and Truckee Mercantile, February 17, for the duration of the events, each day from 10 a. m. to 6 p. m., according to Mrs. Fred Pedley.

The members will furnish information concerning housing, eating places, entertaining and answer other questions relative to the area.

REPLACEMENT HERE AS SANITARIAN ILL

Fred Lagier of the state department of public health, has arrived here to fill in for Richard Walker, area sanitarian, while the latter is recovering from pneumonia at the Tahoe Forest Hospital.

Lagier will perform the duties of Walker and will be in the office when required. In emergencies he can be reached at the Gateway Motel.

Walker's condition is not considered serious but he will be away from his work for a period of time.

At Kings Beach—

Mrs. Ervina Shattuck who has been in Nevada City has returned to her home at Kings Beach.

Sherman Reams Will Be Candidate In Primary Voting

Reams Makes Statement To Voters In Tossing Hat In Ring

Sherman Reams, a resident of this area for the past 11 years, announced this week that he would be a candidate for the office of supervisor of the fifth district in Nevada County.

Reams is president of the board of directors of the Soda Springs Ski Corporation, one of the largest locally owned corporations in the county.

He lives in his home at Gateway Park and owns a rooming house in Truckee as well as his interests on Donner Summit.

In his statement, Reams declared:

"I am thoroughly familiar in public relations, having been host to 48,000 skiers and visitors during 1959, and approximately 60,000 visitors to the Soda Springs area this year.

"I am active in the Lions Club of Truckee and a member of the Truckee Donner Chamber of Commerce.

"This end of the county has undergone vast changes in the past few years and it will need an interested, progressive, community-minded individual to see that these changes are constantly brought to the attention of those who would rather ignore them. If elected, I have every intention of keeping up with the interests of this area and to insure proper recognition of the problems of the district.

"I will serve you and the county with determination and endeavor to obtain our fair share of taxes. If I am able to do this we will have all the things we need such as improved roads and streets, bridges, a county building, improved snow removal, police and fire protection.

"As a member of the chamber of commerce I have every intention of keeping my fingers on the pulse of the Truckee-Donner area and will work tenaciously to better our position in Nevada County.

"I will devote eight full months each year to the job and as much time during the winter as is necessary."

AVALANCHE GROUP TO AID AT VALLEY

A group of experienced forest service snow rangers specially selected to assist avalanche experts Monty Atwater, Dick Stillman and the Olympic snow safety team, arrived at the Truckee ranger station. They will help keep the Squaw Valley area safe for competitors during the scheduled Alpine events of the Winter Olympics.

The men come from various parts of the western states. Ross Files is from the Mount Baker National Forest in the State of Washington, Bob Saffron hails from the Wasatch National Forest in Utah and Paul Hauk from the White River in Colorado. Paul Madden, Bob Janes and Roy Feuchter are from the Tahoe, Plumas and Sequoia National Forests in California.

W. S. (Slim) Davis, assistant regional forester, headquartered in San Francisco and liaison officer between the Olympic Commission and the forest service, will also be working with the team for several days.

POWER WILL BE OFF EARLY SUNDAY A.M.

Daven Morey, manager of the Truckee Public Utility District, announced today that the power will be off between 5 and 6 a. m. Sunday so crews can do repair work at the substation.

The current coils at the station were burned out due to an overload on the lines and larger coils will be installed to replace the ones which were too small.

ATHLETES ARE FETED BY LIONS CLUB HERE

Three women and three men of the Australian Olympic team and three women and seven men of the Korean team were guests of the Truckee Lions Club at Donner Lake Lodge last night. Souvenirs were exchanged and a Korean folk song was sung by one of the girls.

On February 3, the club entertained five women and eight men from the United States Olympic skating team.

New Book Giving History Of Squaw Published By Scott

"The most beautiful valley the eye of man has ever beheld."

These were the words chosen by Thomas A. Young, Placer County surveyor in August of 1856 in referring to Squaw Valley, scene of the 1960 Winter Olympic Games and subject of a new book written by Edward B. (Bud) Scott of Lake Tahoe and now coming off the Filmer Brothers Press at San Francisco.

The latest book by the author of "The Saga of Lake Tahoe," gives a detailed documentation of the world-famous high Sierra valley and traces Squaw's development over the past 110 years.

It gives the origin of the name, tells of Indian tribes and legends, the silver mining boom towns of the valley, the coming of the pioneer white settlers, emigrant trails and roads, the early day skiing, farming, logging and railroading.

The book is filled with collector's type pictures and the text, which required months of research by Scott, is factual and interesting.

Included in the attractively bound volume is an authoritative chapter—Pioneer Skiing in the Sierra Nevada — that commemorates the birthplace of skiing in North America with rare and previously unpublished illustrations.

The book is available in a limited quantity, 500 to be exact, at the Sierra Tahoe Publishing Company at Crystal Bay, Nevada, and retails at $7.50. It is truly a collector's item and a must for those interested in the early history of this picturesque region. Coming out just ahead of the Olympic games, the volume is most timely.

Local Publisher Is On C.N.P.A. Board

Walter M. Barrett, publisher of the Sierra Sun and Truckee Republican, has been elected as a director of the California Newspaper Publisher Association. Other directors included Robert T. Ingram, publisher of the Grass Valley Union.

Selected for the presidency for 1960 was Stanley F. Wakefield, publisher of the Oakdale Leader.

Selection of new officers was made at the 72nd annual convention which was held at Los Angeles during the weekend. Among the speakers at the convention were Vice President Richard Nixon and Governor Edmund Brown.

JACQUELINE BENISH WEDS JAMES BOWDEN

Our Lady of the Lake Church at Kings Beach was the setting for a lovely wedding at two o'clock Saturday afternoon when Jacquelyn Lee Benish became the bride of James L. Bowden. The nuptial rites were performed by Rev. James Mulligan of Assumption Church and William Benish gave his daughter in marriage.

Following the ceremony a reception was given between the hours of three and five o'clock at Crystal Bay Club. The newlyweds plan to establish their home in the Sacramento area.

Mrs. Bowden is the daughter of Mr. and Mrs. William Benish of Gateway Park and Bowden is also well known here where they both have been students of Tahoe Truckee High School.

VAN SICKLES LEAVE FOR TV PROGRAM

Lloyd Van Sickle, with his son Steve and daughter Sandra will leave today for Heber, Utah where they will make a tape recording for KCPX, NBC radio on a nation wide hookup and appear on TV at Salt Lake City, Utah.

This will precede participation in the February 22 weekend Wasatch sled dog derby. Mrs. Van Sickle with Mr. and Mrs. Lonnie Goss of Minden, Nevada, plans to join her family at Utah for the event. Stan Rasmussen of Kings Beach also expects to enter the derby.

Cake Sale—

Delicious cakes, attractively decorated will be for sale at Truckee Mercantile, Saturday, February 13 from 9 a. m. to 3 p. m., by members of the Truckee Nursery School. The desserts will find ready sales and are sure to please the customers.

Storm Lashes This Area; Damage To Facilities Heavy

Only Minor Damage Done To Squaw Olympic Facilities

One of the worst storms of the winter season ripped through the high Sierra for three days beginning Sunday morning bringing torrential rain, heavy winds, snow and sleet.

There was considerable damage in the wake of the storm which blew down scores of trees, disrupting power service, partly blocking highways and slowing traffic to a crawl.

The heavy rain Sunday and Monday was followed immediately by a blizzard of no small proportion, but ended fears that the rain would hamper the holding of the Olympic games at Squaw Valley next week. While considerable repair work was found necessary at the valley, nothing aside from the compacted snow parking lot, which absorbed all the moisture from the surrounding hills, as nature provided, no great damage was done.

With Wednesday predictions of clearing weather in the area, the Tahoe Forest Service reported total precipitation for the month of February, as of the 10th at 5.43, normal for the month being 5.29.

For the season beginning in September, to date the total precipitation was 14.12, normal to the end of February is 19.43.

The rain storm of February 8 left 2.32 inches and on February 9 when snow fell, 1.47 precipitation was realized. Six inches of new snow fell yesterday, the pack returning to a total of 30 inches.

Navy crews are working frantically to restore the parking area and may succeed, according to latest reports.

Elsewhere, highways at Tahoe and up the Truckee river were blocked for short periods of time while workmen cleared away fallen trees. At least a half dozen trees were toppled in the Meadow Park district and several at Gateway where power lines were broken.

William Campbell, a Sierra Pacific lineman, was bruised and shaken up when he was blown from a pole at Carnelian Bay Monday. A telephone company lineman was also reported injured in a similar mishap.

Tuesday the wind abated and the storm tapered off as fine powder snow fell to cover the unsightly mess created by the rain and wind, leaving a terrain ideal for skiing and bringing delight to the 500 or more foreign athletes who have arrived at Squaw Valley for the games. Pleased smiles were also noted on the faces of the Olympic planners who had fears that their hard work and long hours had been wasted.

MRS. BICK HONORED BY REBEKAH LODGE

Mrs. Lucille Bick was honored with a 1 o'clock surprise luncheon Wednesday at the Alpine Riverside Hotel by members of Naomi Rebekah Lodge No. 2 for her many years of faithful service as recording secretary.

Despite the stormy weather, there were many members and the honored guest to share in the mid-day activities.

Those present included Mesdames Anita Allison, Callie Kydd, Lona Boren, Goodie Mori, Jean Walker, Pearl Heller, Julia Davis, Janet Franklin, Bess Reid, Claudia St. Claire, Dorothy Slack, Leanore Vind, Paula Quist, Laura Horman, Muriel Lund, Annie Tonini, Georgann King, and the honored guest.

TAHOE LAND IS SOLD AT CARNELIAN BAY

TAHOE CITY—Champion Land Investment Company of Carmichael reports the sale of 80 acres in the exclusive Carnelian Bay district of Lake Tahoe. Overlooking Lake Tahoe, the property is located in Placer County, approximately five miles west of the Nevada state line.

M. Sherman Bliss & Associates of Sacramento purchased the property for subdivision and residential development. Sellers of the property were Leo D. Wyrsch and William C. Thomas of Carmichael. The price of the property was reported to be in excess of $100,000.

C. S. (Butch) Beavers and H. E. (Pappy) Brooks represented the buyers in the transaction.

JOHNSON IS CHOSEN ON CALIFORNIA BODY

WASHINGTON, D. C. — Congressman Harold T. (Bizz) Johnson of California's second district has been elected treasurer of the California State Society.

The freshman congressman served last year on the society's board of governors. The organization is composed of Californians now living in the Washington area.

West Shore Notes

By NINA SLADE
LAmbert 5-7751
P. O. Tahoma, Lake Tahoe

The Lake Tahoe Ski Club has announced its reactivation in the F. W. S. A. and its training program will continue throughout February, although meetings are adjourned until the first Friday in March. Training with a club coach is conducted at Powder Bowl and Papoose Peak. Dave McBride, Babette Hausiesen or Jimmie Baker can give you class times. Now that school is closed for the Olympics, the club ski training program is being stepped up.

* * *

Fannie and Bill Haste of Gardena stopped by Tahoma during the snowstorm last week.

* * *

The howling storm of last week kept some of us in dark for hours and others for all night. All was well the following morning, however, and we can all be thankful for the heroic work of the power company boys when wind and snow raise havoc with the lines.

* * *

Mr. and Mrs. Charles J. Fraychineaud of North Hollywood and their niece, Maureen Daniels and Jerry Palma, enjoyed a week of skiing last week while they stayed at their Moore's Pine Lodge.

* * *

Carl Bechdolt, Jr., and Dave Karch of Tahoe City are in Palm Springs for the pro-amateur section of the $100,000 Desert Golf Classic.

* * *

Mrs. Milton Levy of San Francisco is a guest of Mabel Franklin, Tahoe Park, for the Olympic season. Daughter Carol Levy, a skier, is working at the Squaw Valley Inn.

* * *

Mr. and Mrs. Gordon Brown plan a trip to southern California. Florence, president of Tahoe-Sierra Emblem Club, will be guest of the Los Gatos Emblem Club at a February 13 luncheon.

* * *

The Women's Club luncheon at Tahoe Marina Lodge last Thursday was most enjoyable. Table and decorations were in the Valentine motif. Tahoe City Postmaster Oliver Corona addressed the meeting and escorted members on a post office tour to explain the handling of the Olympic first-day covers and stamp sales.

* * *

A regular meeting of the Bishop's committee of St. Nicholas Church was held last week. Among those attending were "Red" Anderson, Jay Shontz, Gordon Moyer, Doug Smith and Leonard Bury.

Mr. and Mrs. Ed Wallis of Piedmont are at their house near Sunnyside on the lakefront, while readying their new house on the highway for Olympic entertaining.

* * *

Philip Brown, son of Dr. and Mrs. Cabot Brown of San Francisco is just out of the Army helping with the Organizing Committee. He is staying at the Albert K. Millers, Tahoe Park.

* * *

Mr. and Mrs. Ed Patton of Sonora, (the former Janet Scates) are at their Truckee river home getting it ready for guests during the games.

* * *

Mrs. Louise Geier has been helping with the Women's Club Information Booth at Tahoe City Bridge and expects her daughter, Mrs. Peg Bailey of Alhambra, for a visit.

* * *

Mr. and Mrs. G. A. Norton and family of Tahoe City have moved to Verdi.

* * *

Famous former ski jumper Olaf Ulland of Seattle has arrived at Squaw Valley.

* * *

Mr. and Mrs. E. E. Stohsner of Meeks Bay Vista and San Jose were up last weekend and inspected the cross-country stands and layout at McKinney Creek.

* * *

Racing driver Bill Stead has announced he'll race no more. In his 12 years at the sport, he said, he's spent more time in hospitals than in boats.

* * *

Dr. George A. McKee of Sacramento entertained a stag party at his Tahoe Pines cabin last Saturday. Guests were Drs. Robert C. Coupe and Van McKee and Stanley V. Walton, Jr., Philip R. Ohman, Robert E. Bates, Quinten D. Hazel, Douglas McRae and Woodward W. Ames.

* * *

The Dick Pischels of San Anselmo and the Byron Houstons of Davis will spend Washington's Birthday at the Pischel's Fallen Leaf Lake house and hope to get over to the Olympics during part of their stay.

* * *

The Howard Goods of Del Mesa will open their Homewood resi-

dence for the duration of the games. With them will be the John Scudders of Balboa Island and the David Robinsons of Eureka, as well as Norma Ciampi of San Rafael and Peter Ryan. The Goods' daughter, Valerie, a sophomore at Colorado Women's College will be out for the games, but since she broke her leg while skiing at Winter Park, Colorado, she'll be confined to spectator sports. Her brother David, a student at San Rafael Military Academy, will also be on hand.

* * *

Scouts Sidney Byrd and Gary Burmer of Tahoe City picked up their official Olympic uniforms in Auburn last week. The 110 Scouts participating at the games will wear red parkas, white boots and gloves of red and white. These Scouts will be the sole proud wearers of the official Olympic emblem for this service. The boys will live in Truckee at the Legion Hall during the games.

* * *

Jesus Christ Church of the Latter Day Saints will meet in Reno or Bijou during February as the Community Center will not be available. Anyone wanting information may call Mrs. Chris Burmer, JU 3-3550, Tahoe City. In Bijou members will use the Seventh Day Adventist chapel.

* * *

The bartenders at Tahoe Inn are sporting nifty red flannel vests bearing Olympic insignia — and sporting "Bien Venu" on the back. Bill Bechdolt had them made for his men and they really dress up his "greeters."

* * *

Tahoe City got its banners up despite the pouring rain last Sunday and will string the huge banners with a Tahoe City welcome in French and English this week.

* * *

Mr. and Mrs. Dave Gaynor of Sunnyside have opened their house for the season.

* * *

Mr. and Mrs. Prentice Cobb Hale have moved into Squaw Valley. Hale, has put in 40 to 60 hours per week as president of the organizing committee, without compensation. Hale's right hand man, H. D. Thoreau, managing director of the committee, is the busiest man in the valley. Until last week when he moved into the valley, he commuted 200 miles between San Francisco and Squaw Valley at least once a week. He hasn't seen much of his family for the past five months. Margaret Thoreau

DONNER DOINGS

By VIRGINIA O'BEAR

Board members of the Donner Lake Volunteer Fire Department met at Donner Lake Lodge last wek and discussed plans for sponsoring the Donner Lake Regatta this year. This will be the third year that the firemen have sponsored the boat races and they are scheduled for Sunday, July 10. Many championship racers have signed for the Donner Lake Regatta which promises to be bigger and better this year.

* * *

Board members of the Donner Lake Volunteer Fire Department Auxiliary met at the home of Joan Conley Monday evening to discuss the regular meeting set for this Thursday evening at Donner Lake Lodge. At that time, officers will be chosen for the coming year and a committee selected for the Donner Lake Regatta program. The beautiful new coffee maker will be on display this time and there will be some vanilla and pepper for those who care to purchase these items. A large turnout is expected and an enjoyable evening is planned for the celebration of the second birthday of the Auxiliary. Don't forget, Thursday evening, February 11, at Donner Lake Lodge. Time: 7:30.

* * *

The Civil Air Patrol meeting scheduled for Tuesday evening, February 9, was postponed because of the weather. The next meeting will be March 7 after the Olympics are over and things are back to normal. The patrol has the necessary quota of interested persons to get organized in this area and it is hoped that by the next meeting date, more interested persons, men and women, will attend the meeting.

* * *

Mr. and Mrs. Roger Brown left for Bishop Monday as Mrs. Brown received word that her grandmother, Mrs. Dorrance Keough, died. They returned home Tuesday evening after attending the funeral. Their small ten-months-old son, Todd, spent a few days in the Tahoe Forest Hospital last week as he had pneumonia.

* * *

A hearing is set for Monday evening, February 15 at the court house in Nevada City. At that time, the planning commission will meet with a representative of the committee chosen at the last meeting held at Donner Lake Lodge, in regards to zoning Donner Lake.

* * *

Mr. and Mrs. William Grimm are spending a vacation in the bay area. Bill is taking time out from surveying since Barbara had the month off from teaching at Tahoe Truckee High School. Milan Wight and family will live in the home while they are away and take in the Olympics. Wight is the owner of the cabin and is a teacher in Concord.

SINGLE CAR CRASHES ARE MOST FREQUENT

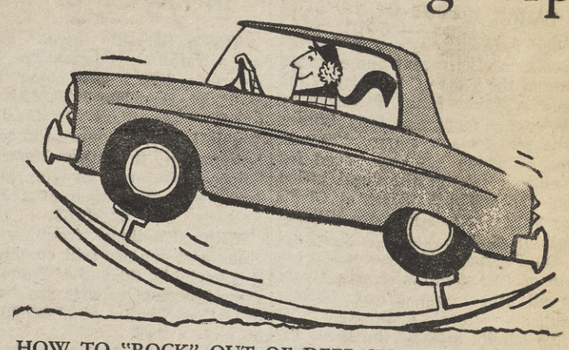
More than 60 per cent of the persons who lost their lives in traffic accidents investigated by the California Highway Patrol during the New Year's weekend were killed in accidents involving only one automobile, CHP Commissioner Bradford M. Crittenden disclosed.

Crittenden said the California Highway Patrol investigated 12 accidents in which 13 persons were killed between New Year's Eve and midnight the following Sunday. Seven crashes, in which eight persons died, were single car affairs, and five of these resulted from too much speed. Involved in these seven accidents also were four drivers who had been drinking although not necessarily under the influence of alcohol.

Of the other five fatal accidents, three were two-car collision, one was a three-car crash, and the other was an auto-pedestrian collision. In these five, drinking was a factor in only one.

"Strict adherence on the part of every driver to the safety rules created by our traffic laws could have prevented every one of these tragedies," Crittenden declared. "Obedience to the law is essential if we are to reduce the slaughter on our highways."

Winter Driving Tip



HOW TO "ROCK" OUT OF DEEP SNOW—If your car is mired or "stuck" in the snow you may have to try to "rock" it out. Start slowly in low gear. When the car will go no farther ahead, shift rapidly to reverse, and back until wheels just start to spin, shift quickly back to low gear. Repeat these shifts in rapid succession, says the California State Automobile Association. Use as little power as possible to prevent wheels from spinning.

TAHOE WEATHER

TAHOE CITY—Up until Monday, more than four inches of precipitation in the form of rain was recorded at Tahoe City, the heaviest amount being on Monday when 3.73 inches fell. With all gates closed, the level of Lake Tahoe Monday was 6225.28, subject to revision. There were 19 inches of snow on the ground, but this was materially increased since that time.

CORONA TELLS TAHOE ROTARY OF STAMPS

TAHOE CITY — Oliver Corona, Tahoe City postmaster, was guest speaker at the recent dinner meeting of the Tahoe City Rotary Club held at Tahoe Inn. He began by showing a giant size 1960 Winter Olympic postage stamp, 120 million of which has ben issued for exclusive sale at the local office and two sub-post offices at Olympic Valley and at Papoose Village, both in Squaw Valley.

On February 19 a second press run of the stamp will go on sale at all other post offices, Corona said.

To handle mail at the three offices just prior to and during the Winter Games from February 18 through the 28th will require a staff of 50 clerks.

The Community Hall over the post office has been rented and went into use a week ago for sorting of both letters and parcel post.

Probably the greatest problem, Corona said, outside of handling such a quantity of mail, is stamp collectors from all over the world. To date he had received 2,000 requests to put the Olympic stamp on envelopes enclosed and cancel them on February 18. Corona said he now has three clerks doing nothing but sorting that mail and checking money enclosed for postage. Some of the letters contained foreign postal orders which were short of U. S. postage and it was either return the letter of request or put on Olympic postage according to money received. The postal department is sending three special canceling machines for use on February 18, the postmaster said. He went into detail on how stamps of the five categories are printed and said the first run such as the 1960 Olympic stamp is a perfect print.

President Bill Bechdolt reported that arrangements are complete for a Rotary booth in the temporary Pacific Telephone room at Squaw Valley and that the booth is to be manned in turns by Tahoe City, North Tahoe and Truckee Rotary Club members. Ed Bean, local manager of Pacific Telephone said a staff of women interpreters would be in the office.

OLYMPIC DECORATIONS

The local Rotary Club has 500 Rotary banners to hand out to visiting Rotarians from distant points and especially from other nations.

There will be no national colors displayed along the street in Tahoe City now that it has been learned that even on such occasions the colors must come down at night or during rain. It had been planned to fly the colors of the 34 nations on power and telephone poles. Instead an assortment of Olympic banners and other appropriate decorations will decorate the town.

Bechdolt said he will display the colors of all participating nations in his dining room. The 16 foot statue of a ski jumper, purchased through donations, has been delivered to Squaw Valley. When the Winter Games are over it will be moved to Tahoe City and set up at a location to be decided on later.

MARCH OF DIMES AT NORTH TAHOE NETS IN EXCESS OF $2000

KINGS BEACH—Eugene Faulkner, National Foundation area chairman, Bob Moore, commander, V. F. W. Post No. 7077, Lake Tahoe and Auxiliary President Sophie Levra, announce the contributions to the new March of Dimes, sponsored by the group, for the North Tahoe area as of February 3 is $2,289.63.

With donations from service clubs and mailers still coming in, it is hoped by the end of the month when the final reports are turned in last year's total of $2,427.30 will be met.

Largest contributions raised by service clubs was Brockway Rotary $106.35 and Lions $110.35.

Through the personal efforts of Tony Donadio of Sky Lodge, Tahoe City and Jack and Joe Ross of the Trade Winds, Kings Beach, for the March of Dimes, $261 was contributed at the Trade Winds and $166.60 contributed at Sky Lodge.

The following contributions are the additional contributions: cards, Crystal Bay Club, $222.29; champagne glass and talent show, $173.06; mailers and service clubs, $404; Kings Beach School, $47; Tahoe Lake School, $61.75; coin containers, business houses, Tahoe City, $33.67; Kings Beach, $51.18; Squaw Valley, $34.43; Mothers March, $507.95.

Working on the final results were Minnie Wagner, Bernita Jones, Bob Moore, Gene Antonson, Wiley Jones, Eugene Faulkner and Pearl Moore.

OPINIONS DIFFER ON HIGHWAY 40 TRAVEL

SACRAMENTO — Some differences of opinion appear to exist on probable traffic conditions on U. S. 40 as they will affect traffic to the 1960 Winter Olympic Games in Squaw Valley, scheduled to start February 18.

The Olympic Newsletter, published by the organizing committee of the games, carries a headline which says "no traffic problems," an dgoes on to state that "spectators driving to the games should have no trouble with traffic and parking."

On the other hand, J. C. Womack, state highway engineer, says that "although many miles of four-lane freeway have been built on U. S. 40 in recent years, heavy Olympics traffic and snow conditions will cause problems on the sections of old two-lane highway which still remain.

"Weather and road conditions change rapidly in mountain areas during the winter. Tire chains should be carried in every vehicle, and motorists should make sure their cars are in good mechanical condition."

Womack said the division of highways has done everything possible to prepare for the traffic, and that it is geared for round-the-clock operations if necessary to kep the roads open for the safety and enjoyment of the public.

MOTHERS' MARCH IS SUCCESS AT TAHOE

KINGS BEACH—Audrey Welch, V. F. W. Auxiliary No. 7077, Lake Tahoe, polio chairman for the Mothers March held Friday, January 29, states as of February 3, residents of the North Tahoe area contributed a total of $507.95.

Volunteers and Auxiliary members collecting from the Highlands, Lake Forest, Tahoe City to Tahoe Pines collected $98.10. Collecting from Dollar Hill, Carnelian Bay, Tahoe Vista, Kings Beach, Crystal Bay and Incline Beach, $409.85 was contributed. Contributions are still being sent in by persons who were not home the night of the Mothers March. 1959 Mothers March totaled $498.

A special thanks to the people of the area for their support to the Mothers March on Polio, helping the Auxiliary to show an increase to the National Foundation.

Volunteers participating were Mesdames Barbara Spitzen, Pat Crow, Pat Simmons. Auxiliary members, May Murray, Dorothy King, Audrey Welch, Mae Springer, Virginia Kornazewich, Beverly Newell, Icey La Borde, Sophie Levra, Estelle Seaquist, Pearl Martin, Ruby Clackett, Unadell Crawford, Pearl Francis, Chris Hoffman, Bernita Jones and Pearl Moore. Post members were Bill Elliott, Jim Molhagen and Eugene Faulkner.

JOHN A. RAFFETTO

RAFFETTO TO RUN FOR STATE SENATE

John A. Raffetto, Auburn businessman, announced he will seek the Republican nomination for the state senate at the June 1960 primary election in the seventh district, embracing Placer, Nevada and Sierra counties.

A lifelong resident of the Mother Lode area, Raffetto said: "Because of my knowledge and understanding of the problems, present and future, facing the residents of this area, I feel qualified to offer my candidacy to the people of these three counties."

He promised full time attention to the duties of the office if nominated and elected.

Raffetto, a native of El Dorado County, has served as a director of the Mother Lode Highway Association.

A graduate of El Dorado County High School, he completed his formal education at the University of California, graduating with a major in business administration in 1930. He earned his Big C at Califorina as a senior football manager.

He is married and the father of two sons. His wife is the former Ellen Williamson of Sacramento.

NOTICE OF TRUSTEE'S SALE
No. 23666

On Thursday, the 3rd day of March, 1960, at 11:0 o'clock A. M., of said day at the main entrance of the County Court House, Nevada City, County of Nevada, State of California, the undersigned, Inter-County Title Co., a corporation, as trustee, will sell at public auction to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Nevada, State of California, and described as follows. to wit:

PARCEL NO. 1: Lot 4, Block "A" of DONNER WOODS NO. 1 SUBDIVISION, as shown on the Official Map thereof filed in the office of the County Recorder of the County of Nevada on July 15, 1948, in Book "1" of Maps, Map No. 90.

PARCEL NO. 2: Lot 5, Block "A" of DONNER WOODS NO. 1 SUBDIVISION, as shown on the Official Map thereof filed in the Office of the County Recorder of the County of Nevada on July 15, 1948, in Book "1" of Maps, Map No. 90.

Said sale will be made without covenant or warranty regarding title, possession or encumbrance, to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by James E. Bledsoe and Evelyn V. Bledsoe, his wife, to Inter-County Title Co., a corporation, trustee of Central California Federal Savings and Loan Association, a corporation, dated March 11, 1959, recorded March 23, 1959, in the office of the County Recorder of the County of Nevada, State of California, in Book "259" of Official Records, at Page 30.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Everyone Welcome
Sunday School: 9:30 a. m.
Morning Services: 11 a. m.
Healing through spiritual means as practiced by Christ Jesus will be brought out at Christian Science services Sunday.
Readings from the King James version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Soul," a word which, when capitalized, is used in Christian Science as a synonym for God.
Jesus' healing of the man "possessed with a devil, blind, and dumb" (Matthew 12) will be included in the Scriptural readings.
The following citation will be among those read from Science and Health (210:11-16): "Knowing that Soul and its attributes were forever manifested through man the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation.

TRUCKEE BIBLE CHURCH
(Non denominational)
Rev. Roy S. Rhoades, Pastor
Sunday School, 9:45 a. m.
Morning worship 11 a. m.
Next Lord's Day the pastor will bring to a close the first phase of the series "Pathways to Power" which has dealt with prayer. The message will be entitled: "So this is the Answer." The text will be taken from I Thessalonians 5:23,24.

RESIGNS POST

KINGS BEACH — Rev. Earl Langguth announces his resignation as executive secretary of the North Tahoe Recreation Council, which was organized a year ago. He urged the members of the council to appoint another secretary immediately so that work can continue uninterrupted.

"That lunatic made me mad!"
When temper starts to drive your car, you're heading for an accident! Sure, the jerk who cuts you off, or passes on the right, or rides your tail is maddening! But when your temper takes over from your judgment, you can do something foolish, or deadly! Last year, nearly 37,000 were killed on our roads—many by good drivers who simply lost their heads. Don't lose yours—it could cost you your life!

Where traffic laws are strictly enforced, deaths go DOWN!
Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.

WHAT'S DOING

E. J. Bean, your Telephone Manager in Truckee-Tahoe.

Safety's always in style at the telephone company. And though telephone man Don Bandoni may not look it, he's dressed for safety from the top of his hard-hat to his climbing boots. Those glasses aren't to correct his eyesight, they're strictly for protection. So are the insulated rubber gloves, safety belt, and other equipment he carries. The special safety devices Don and other phone men have for each job pays off for them and their families, of course. Pays off for you, too, because safe jobs are good jobs—and good jobs attract the capable men like Don Bandoni who keep your service working right.

***If you were to guess** what is being held in this hand, what would you say it is? A new kind of paper clip? A hairpin? Actually, it's a thermistor, and I'm told it is one of the most sensitive temperature measuring devices known to science. Thermistors first saw the light of day back in the 1930's at the Bell Telephone Laboratories. And they are used by the millions in the telephone business as automatic volume regulators for your telephone service. Recently, thermistors have been carried in satellites and used by medical scientists to take temperatures inside human hearts. Proves that not all space-age ideas are new ones and, when you read about thermistors, you realize how many different ways telephone science works for all of us.*

When was the last time you had a phone visit with an out-of-town relative or friend? And how many times have you meant to write, but just never got around to it! Well, nothing's easier than picking up the phone right now and catching up on all the news. I'll bet you'll both get a big kick out of a phone call.

Some folks even set aside a certain night every week or so just for a phone visit. That way their call is expected and they can save on the even lower station-to-station rates after 6 p.m. **Pacific Telephone**

Got a Valentine on the go! Then give

Samsonite Streamlite

and how you'll love the new low prices

Guys and Gals everywhere will love being Samsonite Valentines! The triple-strength lightweight construction and scuff-resistant vinyl covering give Streamlite style *and* stamina! IN TRUCKEE

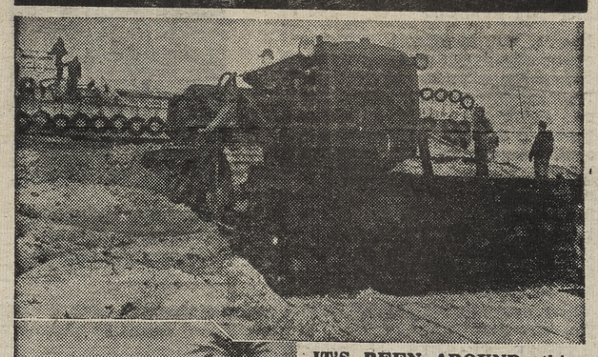
NATIONAL VIEWS & NEWS



IT'S BEEN AROUND, this old tractor. Now 17 years old, the Cat-built machine has pulled duty in the Mediterranean area for its Seabee detachment. (USMC Photo)

PEOPLE WATCHING is a favorite pastime for Pengy, a trained Humboldt penguin from Peru now a resident with the fish and porpoises at Miami. (UPI Photo)

PUP-POOCH is the name given this miniature dachshund carried Indian baby fashion by its owner, London night club star Tina Valdi. (UPI Photo)

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

Yes, the weather is not so hot. Lots of snow, a mixture of rain and wind has helped to give our community a real mixture of everything. Many mighty happy and many just the opposite.

GREAT

It's a great idea, having all the employees leave their cars and ride busses to work in Squaw Valley, why didn't I think of that? It does away with untold problems, not only at the big show, but from Squaw for miles around.

FAST WORK

The Hulbert Bros. recently purchased two 32-yard garbage trucks with front end loaders. The new type trucks are an addition to their fleet of trucks that will handle the waste removal from the Olympic Games at Squaw Valley and surrounding areas. Noel and Tom hold a 20 year franchise in northern Placer County. They have been operating this service since 1932.

FLAGS AGAIN

Two young fellows were hauled into court during the past week on a charge of flag stealing and were fined fifty dollars on a petty theft charge. Each made a plea of guilty, looking shame-facedly, but with no valid excuse. From now the fine will be doubled.

AT LAKE AGAIN

Sam and Audry Harrison are back at their home at Kings Beach and will stay indefinitely. They plan to build a new home in the spring.

PARKING CARS

It's becoming too expensive to park your car illegally so watch your step and save any embarrassment all around, but we must keep the highways and roads clear for the snow plows.

OLYMPICS

The magic word is fast wearing itself to the limit. Everyone connected with the show are being taxed to the limit or should we say to a frazzle. Anyway it won't be long now.

IN HOSPITAL

Winona Hall of Kings Beach said that her husband, David is again in Washoe Hospital where he underwent another slight operation. An encouraging word also was that he was said to be making progress toward health at the first of the week.

Alaska has 4,750 miles of coastline.

OLYMPIC PROGRAM

(Continued From Page 1)

Country Skiing, McKinney Creek; Men's Downhill Skiing, Squaw Peak; Pairs' Figure Skating, Ice Arena.

AFTERNOON — Ice Hockey Game, East Rink; Ice Hockey Game, Ice Arena.

dry clothes the magic way

It's unbelievable, the magic way your electric clothes dryer takes the work out of washday.

You dry clothes day or night, rain or shine! Less ironing, too, because many items come out of the dryer fluffy and soft, ready to store. Less wear and tear on your clothes and linens, too—and no fading. No dust, soot, or grime touch your clothes—just gentle tumbling action and electric heat do the job.

See your electric dealer about an electric clothes dryer, the magic way to better living, electrically!

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Regular Meeting
February 1, 1960
Present: John T. Trauner, Clerk
Wm. J. Cassettari, Deputy District Attorney

The meeting was called to order at 10 a. m. by the Chairman of the Board and the following members were noted as present: Mosco F. Smart, W. W. Bishop and Guy N. Robinson. It was noted that Supervisors J. C. Coughlan and Henry G. Loehr were absent.

The minutes of the previous meeting were read to the Board and a motion was made, duly seconded and passed unanimously, approving the minutes as read.

A motion was made, duly seconded and passed unanimously, directing the Clerk to publish the proceedings of the Board in the Sierra Sun for February, 1960.

A motion was then made by Supervisor Smart, duly seconded and passed unanimously, authorizing any Supervisor to attend the National Association of County Officials Meeting in San Diego, and the expenses incurred are to be deemed a proper county charge.

A motion was made by Supervisor Smart, seconded by Supervisor Robinson, to adopt Resolution No. 60-3 requesting the Governor of the State of California to cause the Educations Code to be clarified in respect to the election of County Boards of Education. Upon a roll call ballot the following vote was recorded.

Supervisor First District, aye
Supervisor Second District, aye
Supervisor Third District, absent
Supervisor Fourth District, aye
Supervisor Fifth District, aye

At the request of the Auditor, a motion was made by Supervisor Smart, duly seconded and passed unanimously authorizing the Auditor to attend the annual convention of County Auditor's in Coronado on February 16th and the expenses incurred are to be deemed a proper county charge.

Upon the written request of the Sheriff of Nevada County and upon a motion made by Supervisor Robinson, duly seconded and passed unanimously, Edward Wojcik, Deputy Sheriff, was granted his anniversary step-pay increase, effective February 1, 1960.

Upon the written request of the County Auditor and upon a motion made by Supervisor Robinson, duly seconded and passed unanimously, Yvonne Vonah, Account Clerk, was granted her anniversary step-pay increase effective February 1, 1960.

The District Attorney presented the Board with agreements and deeds to the portions of the Tyler-Footes Road and a motion was made by Supervisor Robinson, duly seconded and passed unanimously, authorizing the Chairman to execute the agreements in the name of the County, and the Clerk was directed to accept the deeds for recordation.

It was noted that Supervisor Loehr appeared and took his chair at 10:45 a. m.

The Auditor presented the Board with travel forms in accordance with Resolution No. 60-2 and a motion was made, duly seconded and passed unanimously, adopting the travel forms as presented for distribution throughout the county for the fiscal year 1959-60.

Mrs. Margery Worth appeared before the Board and rendered the report of the Welfare Department for the month of January, and a motion was made, duly seconded and passed unanimously, accepting the report and ordering it filed.

At the request of Mrs. Worth, a motion was made by Supervisor Robinson, duly seconded and passed unanimously, authorizing the Welfare Director to attend a conference in Sacramento on February 5th. The expenses incurred are to be deemed a proper county charge.

Supervisor Loehr then entered into a discussion with other members of the Board on Parking Ordinance No. 228 in the Truckee area and a motion was made by Supervisor Smart, duly seconded and passed unanimously, directing the Clerk to issue a minute order to the Road Commission, directing said Road Commissioner to install parking limits signs in the Truckee area pro Ordinance No. 228, as soon as possible.

At this time Supervisor Smart questioned the report rendered by the Welfare Department and stated that he thought the case name instead of the case number should be included in the report. The matter was referred to the Welfare Department Committee.

At this time the Board adjourned for lunch to reconvene at 1:45 p. m.

AFTERNOON SESSION:

The Board reconvened at 1:45 p. m. and it was noted that Supervisor Coughlan was absent and all members of the Board were present.

Mr. Charles Kitts appeared before the Board in regards to a Regional Conference called by the State Board of Equalization and a motion was made by Supervisor Robinson, duly seconded and passed unanimously, authorizing Mr. Kitts to attend the Regional Conference in Sacramento, and his expenses are to be deemed a proper county charge.

A lengthy discussion was entered into on the employment of a Veteran's Adviser in the County Assessor's Office for the remaining months of the fiscal year and the matter was deferred until the next meeting.

Mr. Robert Graham, Road Commissioner, appeared before the Board and requested the Board to accept a deed tendered to him on the Sweetland Road, and a motion was made by Supervisor Robinson, duly seconded and passed unanimously, accepting the deed from Fred Harwick.

Mr. Graham then discussed a citation that had been received by one of his drivers for an overload and requested the county to pay the citation in the amount of $11.00. The Auditor requested a legal opinion from the District Attorney and Mr. Cassettari ruled that in view of the nature of the citation he felt it would be a legal charge against the General Reserve Fund of the County. A motion was then made by Supervisor Robinson, duly seconded, directing the Auditor to draw his warrant against the General Reserve Fund in the amount of $11.00 in favor of the Green Valley Judicial Court in Sonoma County. Upon a roll call ballot a unanimous vote was recorded.

Mr. Tom Wuest, representing Green-Wood & Associates, appeared before the Board and entered into a discussion on a 60 foot roadway on a proposed subdivision at Donner Lake which included a 16½ foot pipeline easment belonging to the Southern Pacific Railroad. The matter was deferred until the next meeting, February 15th, at 2:30 p. m.

Mr. Graham entered into a discussion with the Board in regards to the Salary Ordinance particularly on the inability of hiring personnel at no higher then the 3rd step for all employees. Mr. Cassettari ruled that no county officer could hire any personnel beyond the 1st step without written approval of the Board of Supervisors, and that the Board could authorize no entrance salary higher than the 3rd step of the applicable salary range. After further discussion with the Road Commissioner, a motion was made by Supervisor Loehr, duly seconded, authorizing the appointment of E. Peard and W. Helgren at the 3rd step of the salary range. Upon a roll call ballot the following vote was recorded:

Supervisor First District, aye
Supervisor Second District, aye
Supervisor Third District, absent
Supervisor Fourth District, aye
Supervisor Fifth District, aye

At this time the Chairman announced that the next meeting of the Board would be February 15, 1960.

Mr. Charles Weeks appeared before the Board and requested permission to have the use of a Road Department vehicle to proceed to Corning, California, to transfer a portable hospital unit. A motion was made, duly seconded and passed unanimously, authorizing the use of the vehicle.

The District Attorney then presented the Board with proposed Resolution No. 60-4, amending Travel Resolution No. 60-2, and a motion was made by Supervisor Loehr, duly seconded, to adopt the Resolution. Upon a roll call ballot a unanimous vote was recorded.

Judge Verle Gray appeared before the Board and again requested authorization to employ a part-time Clerk in his court. Mr. Brunker reported on a survey he had conducted in the court and stated that he felt that Judge Gray was entitled to a part-time Clerk and recommended the Board authorize the appointment thereof.

A motion was then made by Supervisor Loehr, duly seconded to transfer the necessary fund and authorize the employment of a part-time Clerk in the Judicial Court and upon a roll call ballot the following vote was recorded:

Supervisor First District, pass
Supervisor Second District, aye
Supervisor Third District, absent
Supervisor Fourth District, no
Supervisor Fifth District, aye

Because of the lack of 4/5ths majority vote of the members of the Board, the motion to transfer necessary funds was defeated, and the matter was deferred until the next meeting.

At this time a motion was made, duly seconded and passed unanimously, to adjourn to meet again on February 15, 1960 at 10 a. m. thereof.

/s/ W. W. Bishop,
Chairman of the Board of Supervisors.

ATTEST:
/s/ John T. Trauner,
Clerk of said Board

F11

What Is Heaven Like?

By Frank Sheed, Author and Publisher

EVERY ROAD must have an end, a destination, and the same is true of the road of life. The atheist tries to place the end of road at death. But atheists are always exceptional in the world. For most men the question of what is the end of life simply means what comes after death.

But what is on the other side of the door of death? Some say they don't care; but no one can really mean that—eternity is a long time. To know what comes after death would be an impossible mystery, however, if God hadn't told us. Fortunately He has. He has told us that heaven is at the end of the road of life.

Sheed,

WHAT IS HEAVEN like? Some tell us that it is simply a place of harps, hymns, crowns of gold and streets of jasper. But these are only symbols without much meaning for us. For the average man, a place of endless hymn-singing is anything but pleasant.

Heaven is the place of perfect happiness, flowing from the knowledge and love of God. We know from experience that happiness is always in the soul. The state of the body may cause happiness but happiness itself is always in the soul.

A MAN may have all he wants to eat and drink, be in perfect health, but be deeply unhappy about the death of a friend or something else he knows and feels inside apart from his senses. So in heaven too our happiness will come through the soul, through its vision of God.

Some people might think it too spiritual to say that perfect happiness consists in direct knowledge and love of God. But think of the happiness you feel at the sight of a beautiful sunset, at the sound of beautiful music, or at the sight of the one you love deeply.

THESE FLASHES of great happiness last for only a minute. But the God who created the one you love, and the beauty of the sunset is the source and author of all beauty. The sight of Him will bring more joy than seeing any of these other passing things. And the difference is that you will never get tired or weary of Him Who is infinite Beauty.

The biggest thing to remember about heaven is that we cannot picture it. As St. Paul tells us, the happiness of heaven is indescribable and unimaginable. But it is perfect and can be ours —forever with God.

REMEMBER that death ushers us into the next life. It does not choose our place; that is decided by the state of our soul in relation to God. Through His Divine Son, Jesus Christ, God has given us the map for the road of life. With His help we can follow it and reach the goal He has prepared for us.

† Paulist Feature Service, Washington 17, D. C.

Army

MISSILE ON THE MOVE—One of the U. S. Army's giant Corporal artillery missiles, deployed in Europe as part of our first line of defense, rolls down a German road during a move to a training area. The missile, a weapon of the 40th Artillery, shows the mobility and adaptability of the modern Army since the vehicle on which it is being hauled serves as an erector at the launching site. Field forces in Germany are constantly on the alert and undergo intensive year-round training.

WEST SHORE NOTES

(Continued from Page 2)

and their three children, David, 12, Alison 5, and Scott, 3, live in Atherton.

* * *

Italy's cross-country team checked into Tahoma last Saturday and got in one brief workout at McKinney creek before the rains came.

* * *

The A. R. Westphals of Ross will stay at Tahoe Tavern in a wing which will also be occupied by members of the Russian Embassy, adding interest to their stay.

* * *

Gwen Mizner and her senior classmates at the Katharine Branson School in Ross will be guests of her parents, the W. O. Mizners, at Kings Beach. School Headmistress, Mrs. Virginia L. Jennings, will accompany the girls to the games over the Washington's Birthday weekend.

* * *

The Herbert Magnusons enjoyed a skiing weekend at their Squaw Valley home last weekend with the Walter Busses, Dr. and Mrs. Donald Barbour. The wives are sisters.

* * *

Phil Geier and Jimmy Martin are spelling each other on approximately 24-hour maintenance duty at the Tahoe Lake School where Olympic Army personnel are quartered.

* * *

The George Neldams of Orinda and Tahoma just returned from a two week jaunt to Mexico, report wonderful weather and loads of good times with a party of friends who accompanied them to Mexico City, Acapulco and San Jose de-Parua. They expect to be up for the games.

* * *

Sheila Fanger is up for a few days from Sacramento State College to visit her family at Tahoma. The Fangers expect Mrs. Joseph E. Newbert and Mrs. Emily Fanger, Al's sister and mother for a look at Squaw Valley this week.

* * *

Evan Hill has a colorful, interesting and comprehensive story in this week's Saturday Evening Post on California's Olympic Bonanza at Squaw Valley. The color pictures are souvenir pieces.

* * *

The Bruce Dohrmanns will entertain at their Tahoe home during the ten days of the games, having as intermittent guests the Elbert Ameses, Mr. and Mrs. David Potter, the Louis Benoists and Mr. and Mrs. August Taylor, Jr., of San Francisco. At the end of April, the Dohrmanns leave for a trip to Europe.

* * *

February birthday greetings go to Beulah Carnell, Ernie Pomin, Jim Martin, Gary Henry, Alice Ann Wirtz, Becky Shontz, Rad Kiefer, Bob Snyder, Violet Pomin and Annie Soll, Lincoln Dempsey. This month marks an anniversary for Robert and Alberta Stark of Tahoe City.

SLOW DRIVERS ARE WARNED BY PATROL

Leading contenders for the title of "Most Annoying Driver" are those who persist in "poking along" in the fast lanes of multi-lane highways and freeways, and the California Highway Patrol has a special message for them: "Move over or be cited."

CHP Commissioner Bradford M. Crittenden asserts that these "self-appointed pace setters" actually cause many accidents which are officially charged to some other driver. Most are the result of an act committed by a motorist whose normal good judgment was overcome by his exasperation of the other driver's behavior.

"The California vehicle code clearly states that under normal conditions it is unlawful to drive upon a highway at such a slow speed as to impede or block the normal movement of traffic," Crittenden pointed out. "The law further declares that a vehicle being driven at a speed less than the normal speed of traffic must be driven in the right-hand lane.

"California Highway Patrol officers have instructions to take appropriate enforcement action against any of these violators they observe. We are determined to drastically reduce this menace to highway safety, and if the guilty motorists refuse to respond to our appeals perhaps they will respond to the citations they receive."

Wolverines Split In Weekend Contests

By KRIS FELTE

Bill Notley stole the ball twice in the last quarter and drove in for two quick baskets to put the Tahoe Truckee Wolverines out in front for good, and enable them to take a 46-41 victory over the South Tahoe Vikings in the local gymnasium Friday.

South Tahoe outplayed Truckee during the game until the last quarter.

The Vikings moved ahead to take a 15-11 first quarter lead behind the scoring efforts of Junior Tom Hall who dumped in three field goals.

Truckee being badly outplayed, gave up 13 points to help the Vikings increase their lead to 28-20. South Tahoe Coach Ed Hegarty became angry with the strict refereeing and a technical foul was called on him. Marty Kumle shot this foul and collected three others, totaling four points.

The Wolverines closed the gap at the end of the third period to 34-29.

The hot South Tahoe team was leading until the final period when a combination of a stubborn Wolverine defense and the efforts of Bill Notley and Bob Merica both sank seven points. The local were hot as they hit for 17 points and allowed the Vikings only seven.

Bob Merica with a hot jump shot had 19 points to his credit. Bill Notley came through with 10 points and a real fine game.

Truckee evened their record in conference play to four-four. The loss dropped South Tahoe's record to one-seven.

LOSE TO MUSTANGS

The Lovelock Mustangs got off to a roaring start and went on to take a 64-50 win over the Tahoe Truckee Wolverines.

The Mustangs were never in a lot of trouble from the opening gun as Andy Oroz paced the local quintet to the win.

In the first quarter the hot Mustangs doubled the visiting Wolverines score 188-9. This was possible through the efforts of Tony Trevino and Larry Rhodes who potted five points apiece.

Lovelock increased their half time lead to 27-21, a 16 point advantage.

Truckee had a better defense in the third period but their offense could not get going. Lovelock kept their lead to 48-32.

In the last quarter the Wolverines were going to the free-throw line constantly, and hitting 10 for 17, while getting only four field goals. In the same period Lovelock hit for seven field goals and two free throws.

In the scoring department Andy Oroz came out with 15 points. His teammates, Tony Trevino and Larry Rhodes, followed with 12 and 11 points respectively. Bob Merica had 12 points for the Wolverines while Marty Kumle and Medford had 11 each.

CUBS WIN

The Wolverine Cubs avenging an earlier loss to the Young Vikings walloped them with a 59-56 loss. "Little" Bennie Ferrari collected 20 points for the Cubs.

JUNIORS LOSE

The Lovelock J. V.'s nipped the junior Wolverines 55-53. Elmer Panche pushed in a field goal in the final seconds to break a 53-53 tie. Elmer also was high man with 20 points.

SQUAW VALLEY, CALIF.—In the ultra-modern kitchens of Olympic Village, two experts on meat get together to make sure there will be no "beefs" from the world's winter sports stars who will live here during February. They are Hugo C. Del Pero (left), president of Del Pero-Mondon Meat Co. of Marysville, Calif., and Peter Rasmussen, head chef at the Village. Del Pero's firm was chosen after extensive negotiations with local and national meat packers. Daily deliveries of thousands of pounds of Western grain-fed beef will permit Rasmussen's staff top grade rib roasts and steaks and other meats at every evening meal. The athletes of 33 nations who will be present here for the VIII Olympic Winter Games, February 18-28, insisted upon daily servings of beef because of its body-building and nutritional values. Daily tickets for the Games still are available for $7.50. Write to Winter Olympics, San Francisco, Calif.

BROTHERS NIGHT IS PLANNED BY STAR

Brothers night will be the theme of the February 16 meeting of Truckee Chapter No. 116 Order of the Eastern Star, convening at 8 o'clock in Masonic Hall with Margaret Craig, W. M. and Sam Faulkner, W. P. presiding.

Mr. and Mrs. Wayne Philippi will be the evening's hosts. Paul Doyle will be refreshment chairman.

A cordial invitation is extended to any members of the order who may be visiting in this area to attend the meetings of the local chapter which meets the first and third Tuesdays of each month.

11 OFFERS ARE MADE TO OPERATE SQUAW

The California Park Commission has been advised that 11 firms or individuals have made tentative proposals and general inquiries as potential operators of the Squaw Valley facilities following the Olympic Games.

John I. Noll, concessions officer for the division of beaches and parks, said that based on estimates made after the first proposal by a concessionaire, it was estimated that the state's annual income from the facilities would be $320,000 a year.

The list included Alex Cushing, operator of Squaw Valley Lodge, whose offer was first announced.

STUDY IS PROPOSED OF TAHOE HOUSING

LAKE TAHOE — Seeking to measure the economic stature of the hotel and motel industry at Lake Tahoe, a detailed study and analysis of transient lodging facilities available and under construction in the Tahoe basin is now being made by the Lake Tahoe Area Council.

The survey is being conducted out of the Council's Lake Tahoe office at Highlands Center, Tahoe City, under the direction of Fred M. Schultz, administrative manager of the Council.

When completed, the survey results will be published as a Topic Report of the Council for distribution to its members.

Preliminary results indicate more than 14,000 accommodations were available during the summer of 1959 for ann estimated 35,000 transient visitors. A rough breakdown of the total shows approximately 8,000 of these units in El Dorado County, California, communities along the lake shore, and 6,000 in Placer County. No figures are included for Nevada because of the relatively few transient accommodations and the decision to defer the Nevada portion of the survey until the major areas were completed. A geographical breakdown of the total shows about 4,300 units along the north shore of Lake Tahoe, about 2,200 along the west shore, and 7,700 units along the south shore. A unit is a transient room regardless of the number of persons it will accommodate.

By comparison, chamber of commerce figures for Reno, Sparks and the Truckee Meadows area show approximately 6,000 transient accommodation units capable of housing approximately 14,000 visitors.

TWO ARE FINED FOR THEFT OF BANNERS

TAHOE CITY—Wililam G. Tamblyni, 19, and Allen E. Ludlan, 20, both of Kings Beach, Placer County, were fined $50 each in the Tahoe Judicial District Court for the theft of Olympic flags used as decorations in the Kings Beach area.

The two were arrested by sheriff's deputies, who said the flags and accessories valued in excess of $25 each, were torn from the standards along the street. Two other teenagers also were fined the same amount for taking the flags of foreign nations recently, and two bay area youths are scheduled to appear in the Auburn, Judicial District Court next week for taking 13 of the flags.

A California Pest Vontrol Action Council, created in 1951, represents private forestry and industry groups, state and federal agencies.

$50,000 IS ALLOTED TO AREA COUNCIL

RENO—Another grant of $50,000 to the Nevada California Lake Tahoe Association was made during the week by the Max C. Fleischmann Foundation of Nevada, it was announced.

Initiated on January 1, 1957 by the trustees of the Fleischmann Foundation a project designed to foster and encourage orderly development of the Lake Tahoe area was launched under the supervision of Joseph F. McDonald, retired newspaper publisher, who formed the Nevada California Lake Tahoe Association as a vehicle through which to work.

Fleischmann Foundation grants amounting in all to $190,000 including the $50,000 this year, have been granted to the Nevada-California Lake Tahoe Association of which approximately $133,000 had been expended as of December 31, 1959.

The manufacture of transportation equipment, including aircraft, automobiles and ships is California's leading industry.

CANVASS IS MADE IN DONNER ZONE PLAN

Donner residents are currently being canvassed as to just what type of zoning they wish, by a committee appointed at the last Nevada County Planning Commission meeting, January 25, at the Donner Lake Lodge.

Residents of the area are to determine if they wish R1, R2, or commercial zoning, and the boundary lines of the district involved for presentation at the February 15 meeting of the county planning commission in Nevada City.

Appointed zoning inquiry committee members were Dick Swanson, Dr. Robert Affeldt, Mrs. Eugene Welch, Bob Roth, Hal Welch, Dan Horman, Dick Hampf, C. Z. Smith and Mrs. Rex Reid. Assistance was pledged by east county Sanitarian Richard Walker.

To Las Vegas—

Mrs. James McIver and Mrs. Roxie Archie returned by airplane from Las Vegas. They went by automobile with their brother, Richard Joseph who will spend several weeks in the southern resort area.

PATROL IS GEARED TO HANDLE TRAVEL JOB

The California Highway Patrol is geared to cope with the expected travel over U. S. Highway 40 taking spectators to Squaw Valley for the 1960 Winter Olympic Games.

Commissioner Bradford M. Crittenden of the patrol said that by the time the games open on February 18 his organization will have moved enough extra men and cars to the Squaw Valley area to handle the anticipated influx of vehicles.

"We are confident we can handle any traffic situation that might arise, short of a complete blockage resulting from a storm of unusual intensity," he continued.

"Our objective is to keep the flow of traffic across the Sierra Nevada mountains and into and out of Squaw Valley moving as smoothly as possible. We know there will be some delays caused by minor incidents that are bound to occur in such a volume of traffic, but we believe we can keep these to an absolute minimum."

The patrol will also maintain two information centers in Squaw Valley to provide road and weather information. These will serve spectators as they are leaving the winter games area. Motorists en route to Squaw Valley may obtain road and weather information from any highway patrol office.
